Your Town, NH 03073
(603) 555-1234

Graph's Data Points listing shows one or more runs - side by side. Additionally, "Deviation" or "Average" pseudo test listings (for overlaid runs) may be output - each in a distinct color.

Auto column widths or units display can be manually overridden.

DYNOMITE Test Run: Small Block Sample Engine on 07-12-2002 @ 03-02-32
Date: 7/12/2002

DYNOMITE Test Run: Small Block Sample Engine on 07-10-2002 @ 02-01-16
Date: 7/10/2002

Correction Method: Standard Sort data (ascending or descending) by any column.

Correction Method: Standard
Notes: Initial run-in (baseline) test.
